

RIA GINO

Lead Web Developer

Technical Leadership | System Automation
Scalable WordPress & Shopify Platforms

Web engineering leader with 9 years of experience improving development workflows, implementing automation, and delivering high-performance web platforms for international clients.

WORK EXPERIENCE

LEAD WEB DEVELOPER

Rocket Agency | July 2023 – May 2026

- Lead and mentor a team of 3 developers, ensuring high-quality development standards and efficient project delivery.
- Lead development, optimization, and maintenance of multiple client websites, improving performance, security, and technical SEO compliance.
- Implement and maintain website tracking integrations such as GA4, Google Tag Manager, and Meta CAPI, and collaborate with the analytics team to troubleshoot technical issues and ensure accurate data collection.
- Establish and refine SOPs and frameworks, improving workflow efficiency, collaboration, and development consistency.
- Improved development reliability and team efficiency by introducing QA automation and workflow automation using Google Apps Script
- Collaborate with cross-functional teams across Australia and the Philippines to deliver scalable, high-performance web solutions.
- Provide technical leadership and mentorship, establishing best practices across WordPress, Shopify, and CMS development workflows.
- Develop and maintain websites using WordPress, Shopify, ACF, HTML, CSS, JavaScript, PHP, and MySQL.
- Automated internal workflows using Google Apps Script, reducing manual spreadsheet processing and improving team productivity.

MID-SENIOR WEB DEVELOPER/POD LEAD

Online Marketing Gurus | June 2021 – January 2023

- Managed and maintained multiple CMS-based client websites, ensuring performance, stability, and timely updates.
- Implemented technical solutions and enhancements based on client requirements and SEO recommendations.
- Developed and customized WordPress and CMS websites to improve functionality and user experience.
- Mentored and coached developers within the pod, helping them overcome technical challenges, improve development efficiency, and strengthen overall team performance.
- Collaborated with team leads, account managers, and clients to troubleshoot technical issues and deliver reliable, high-quality web solutions.

FRONTEND DEVELOPER

Axadra Ventures Inc. (*assigned to Integrated Digital Strategies, USA*) | March 2018 – July 2021

- Developed and maintained B2B and B2C websites using WordPress, Shopify, and CMS platforms, ensuring high performance and timely delivery
- Built conversion-focused landing pages supporting PPC and digital marketing campaigns
- Served as subject matter expert and technical resource, providing guidance to developers and ensuring development quality

- Supported project scoping, task estimation, and technical planning in collaboration with Account Managers and stakeholders
- Established development workflows and technical processes in collaboration with Account Managers and cross-functional teams, improving project scoping, delivery alignment, and implementation efficiency
- Communicated directly with clients and internal teams to resolve technical issues and ensure successful project outcomes
- Assisted leadership with coaching, documentation, and technical support for the development team
- Acted as the primary technical point of contact for Account Managers and clients, providing technical guidance, scoping support, and implementation feasibility assessments
